IT'S TIME TO RENEW

YOU'RE MEMBERSHIP FOR 2027

Dear, Members:

Tick tock, time does fly and it is Membership renewal season. Although our roster seems to dwindle each year, we hope that you plan to renew. We depend on our members to support and assist at special events and volunteer in the Museum.

As the holidays approach, we are actively engaged in planning great events and activities, including the famous Holiday Train Garden! It is our busiest time of year and we hope you will visit us with your families.

The Society pledges to continue to offer our members quality programming and events; provide research assistance; and participate in community and historic activities. Please use this form to update your membership. We are a 501(c)(3) organization should you care to make a bequest or provide an additional donation. We also appreciate the donation of Dundalk-related books, articles pictures and special items for our library.

We inspire everyone to rejoin, please come and visit us. Remember that our strength lies in your continued support and we value all of our members.
